This package can be combined with our other holiday offers to extend your stay and see more of Vanuatu. We recommend:

- **Espiritu Santo**, Vanuatu's largest island north of Efate, is just a 45 minute flight from Port Vila. It is an untouched paradise of white sand beaches and shimmering coral reefs. Add to this, the cultural side of the Ni-Vanuatu people with their traditional villages, arts, crafts and long-held customs. Adventure seekers can hike to mysterious caves to swim in refreshing water holes, while divers and snorkellers can explore an underwater world of World War ll shipwrecks, colourful coral and tropical fish.

- **Tanna Island –** is a smaller island with a big volcano! Mount Yasur is the most accessible active volcano in the world and the crater rim walk, where you can peer down into a bubbling, smoking, spitting lava cauldron, is one of Tanna's natural highlights. After that, take your pick of visiting a local kastom village, hiking to hidden waterfalls like Louniel or Lenuingao, snorkeling inside the Blue Cave, or just beach hopping around Port Resolution. We recommend a three day excursion for this adventure
